Advocacy

**Invivyd Care case managers are available to offer support and resources necessary to facilitate patient access to treatment**

**Once a provider has made a prescribing decision for their patient, Invivyd Care can provide assistance in facilitating the patient's access to treatment, including:**

- Investigation of insurance coverage and benefits verification across all types of insurance
- Navigation of the insurance prior authorization (PA) process
- Help with identifying a site of care for treatment based on provider direction and insurance requirements
- Treatment coordination assistance (e.g., scheduling treatment, next-dose reminders)
- Review of out-of-pocket costs for all patients and co-pay support for eligible commercially insured patients
- Assistance with billing, coding, and claim appeals
- Advocacy for coverage and help providing information around plan specifics and filing appeals
