

INVIVYD care

Patient and Provider Support Program

Invivyd Care is a personalized support program that offers patients, caregivers, and healthcare providers resources and assistance across all aspects of the care pathway:

- Benefits investigation
- Access and reimbursement
- Treatment coordination
- Payor advocacy

Guidance for Patients on Navigating Access to Treatment

Advocacy

Invivyd Care case managers are available to offer support and resources necessary to facilitate patient access to treatment

Once a provider has made a prescribing decision for their patient, Invivyd Care can provide assistance in facilitating the patient's access to treatment, including:

- Investigation of insurance coverage and benefits verification across all types of insurance
- Navigation of the insurance prior authorization (PA) process
- Help with identifying a site of care for treatment based on provider direction and insurance requirements*
- Treatment coordination assistance (e.g., scheduling treatment, next-dose reminders)
- Review of out-of-pocket costs for all patients and co-pay support for eligible commercially insured patients
- Assistance with billing, coding, and claim appeals
- Advocacy for coverage and help providing information around plan specifics and filing appeals

*Information regarding potential infusion centers is based on the publicly accessible Invivyd Infusion Center Locator Directory. Visit <https://pemgarda.com/hcp/infusion-center-locator/> for more information and accompanying notices.

Questions? 844-VYD-2220 (844-893-2220) Monday-Friday 8 AM to 8 PM ET

Patients can enroll in **Invivyd Care** today to receive personalized support

The Invivyd Care team can help in the following areas:

Benefits Investigation

Assist providers and patients, as applicable, to analyze and understand requirements for each patient's health plan

Access & Reimbursement

Work with providers and their office staff to assess payor requirements and provide billing and coding support

Treatment Coordination

Help facilitate patient access to a prescribed INVIVYD treatment (e.g., co-pay assistance, identifying a site of care)

Payor Advocacy

Support patients with advocating for coverage by providing information around plan specifics and filing appeals

Get started today!

Enrollment can be initiated by patients* or healthcare providers by completing the Invivyd Care Enrollment Form in 1 of 2 ways:

1. Fill out form online and submit using [DocuSign](#)
2. Print the Enrollment Form, fill it out, and provide to your healthcare provider to return to Invivyd Care via e-fax to 855-233-1706

*Patients can initiate enrollment in Invivyd Care only after a decision to prescribe has been made by their provider. Invivyd Care will contact the provider to complete enrollment fields.
